

## **BAM SITE PRIVACY POLICY**

This privacy policy governs your use of the software application Bam Site ("Application") for mobile devices that was created by Bam Nuttall Ltd ("Company"). The Application allows the Company's employees and contractors to interface with the Company's internal business management systems.

Access to these systems via the Application is restricted to those people with valid log in credentials.

### **What information does the Application obtain and how is it used?**

#### **User Provided Information**

The Application collects information from construction sites and offices relating to deliveries, waste collections, energy measurements, labour and plant allocations, including names of individuals (where applicable)("The Data").

### **What are my opt-out rights?**

You can stop all collection of information by the Application easily by uninstalling the Application. You may use the standard uninstall processes as may be available as part of your mobile device or via the mobile application marketplace or network.

#### **Security**

We are concerned about safeguarding the confidentiality of your information. We provide physical, electronic, and procedural safeguards to protect information we process and maintain. For example, we limit access to this information to authorised employees, contractors and clients who need to know that information in order to operate, develop or improve our Application. Unfortunately, the transmission of information via the Internet is not completely secure. Although we will do our best to protect your personal data, we cannot guarantee the security of your data transmitted to our servers; any transmission is at your own risk. Once we have received your information, we will use strict procedures and security features to try to prevent unauthorised access.

#### **Changes**

This Privacy Policy may be updated from time to time for any reason. We will notify you of any changes to our Privacy Policy by posting the new Privacy Policy here.
